### THE LOUIEST PIECE OF STATE HIGHWAY IN FLORIDA EXISTS IN LAKE OKECHOBEE REGION

There is a piece of state highway in the Lake Okechobee Region as bad as the chairman of the State Road Department to see. This particular stretch of highway is between Pahokee and Belle Glade — the loouiest piece of road in the state — a disgrace to the state highway system of Florida.

It's a shame and a disgrace that such a piece of road exists in the State of Florida. It's the talk of all South Florida. This ten-mile stretch of highway connects two of the most thriving towns in the state — Pahokee and Belle Glade. There is heavy traffic over it all day long. Thousands of people are forced to use it because there is no other road to be used. Trucks and automobiles are forced to creep over the road at a speed not in excess of 20 miles an hour. If the motor vehicles are to remain in one piece.

Somebody's responsible for the condition of this road and we are going to make an earnest effort within the next few days to find out why something can't be done about it.

Two wins out of three starts. That's the percentage of the Pahokee Blue Devils so far this season. Not bad for a team of inexperienced players.

We wonder what can be done about the condition of the Pahokee-Belle Glade road. It's a thorough disgrace to the state highway system of Florida.

Colored laborers are coming into the Lake Region. A South Bay grower reports that he expects to have plenty of labor and anticipates no shortage of efficient help in the harvest of his vegetable crops.

Have you bought any pork chops lately? From the price a fellow has to pay you'd think that the farmer was receiving a much higher price today than a few months ago. But, such is not the case.

A "Navy Night" program will be held in the Pahokee high school auditorium next Wednesday night, October 22. An invitation has been extended Judge Chillingworth to deliver the feature address of the evening. The school band will furnish the music. It will be an interesting program. Be sure and attend — you'll enjoy it.

The Pahokee Post of The American Legion will stage a special Armistice eve celebration at the Legion hall. Members of the legion and city officials will be the guests. G. C. McLeary, O. R. Blech, and

Rev. J. E. Statham are in charge of arrangements. These gentlemen assure us that an interesting program will be presented.

**Family**  
 A movie star was escorting her parents through her new 21-room bungalow. Her dad was getting pretty bored with all the new fangled disguises he saw but stubbornly resisted mother's repeated suggestions that he go out to the back. Finally, he surrendered. Where is he? He blurted out: "Thank heaven, that's one thing that's like the old days, anyhow!" — Winter Haven Herald.

**Nothing Irregular**  
 In the wild and woolly West a poker game was in progress. A tenderfoot, looking on, saw one of the players deal himself four aces from the bottom of the deck. The tenderfoot whispered indignantly to another onlooker, "Did you see that?"  
 "What?" asked the other.  
 "That tenderfoot dealt himself four aces," the tenderfoot hissed.  
 "Wall," was the astonished reply, "it was his deal, wasn't it?" — Rotary Whizz.

**Bookmobile**  
 Constant readers in Yonkers, N.Y., are going to get a bonus! With the public library book fines they've paid faithfully and uncompromisingly for three years, amounting to more than \$5,000, a "bookmobile" has been purchased to bring 2,000 volumes and four librarians straight to their 10,000 doors. A traveling service that covers an area of 21 square miles.

Children are urged not to ask for fannies. Juvenile books are on the outside wall of the truck. Adult books, inside. There's room for 30 readers. The back of the truck is a bookmobile. The front is an office, while the trunk is a reading room. The office when the truck is stationary. — A.P.I. Bulletin.

**What, No Sabes?**  
 We're running heading right into the real privations of a defense economy, all right.

Come from New York furriers the desolating word that there are not \$65,000 Russian sable coats to be had this year. It seems that the Russians are busy trying to trap somewhat bigger game than sables. Ermine and chinchilla are going to be equally rare, the furriers report.

The line of husbands forming in front of the 36th-story jumping window will form at the night club.

"What, no \$65,000 sables?" we hear the man at the back of the line cry as he flings himself desperately out the window. — Exchange.

**Mistaken Identity**  
 A lad went home the other afternoon with torn trousers and his mother sent him to his room to mend them. Later, she went to the room and there were his trousers. But the lad was missing. Hearing a noise on the back porch, she went to the door and shouted in the stairway, "Are you running around out there without your pants?"  
 Came the reply, "No lady, I'm reading the light meter." — Winter Haven Herald.

### They Needed Him To Grind Cane

**CAMP ISLANDING, Oct. 16.**  
 Because the folks back home could find no one else to take his place during the sugar grinding, Sergeant Gilman J. Trohan of Jacksonville, La., a member of the 10th Infantry, won't have to go to boot camp. He will have to go to boot camp with his company.

Trohan was sugar engineer for the Heria Sugar Co-operative before he was called up by his army. He was called to lead a detachment, his company has been appealing for months to get Trohan back just for the sugar season. Several negative replies were received before he was department finally decided to let him go. Trohan left camp on a 30-day furlough which can be extended if necessary until the vital sugar making is done. He will wear the army khaki while on the job but will not draw army pay. The Heria Co-operative will handle that.

### REFRESHEN LAKES

The State Game and Fresh Water Fish Department placed 75,000 fingerlings in the lake and tributary waters of Gulf County. It was announced by Dr. N. K. Kennedy, commissioner of the department.

## GIVE YOUR CAR HIGH ANTI-KNOCK IN BOTH SPEED RANGES

Don't you find that you drive your car mainly in the two speed ranges symbolized by these boats? You use the low speed range in traffic and the high speed range on the open road. Therefore for knockless driving, you need a gasoline that gives high anti-knock in both these speed ranges—not in just one.

Sinclair H-C Gasoline gives you this Double-Range Anti-Knock. The reason is that H-C goes through two special processes in the course of refining. Ask your nearby Sinclair Dealer for a tankful of Sinclair H-C Gasoline today. It gives you Double-Range

Anti-Knock, yet sells at the price of regular grade.

## Matthews To Run For Re-election

**TALLAHASSEE, Oct. 16.**—Eugene S. Matthews, senior member of the Florida Railroad Commission, announced today that he will be a candidate for re-election, running in Group One on the May primary ballot.

Before becoming a member of the Railroad Commission Matthews was a member of the Legislature for several terms and was Speaker of the House at one session—1907. He was prominently connected with some of the most important bills ever enacted into Florida law, including the bill providing for the establishment of the University of Florida and the Florida State College for Women, and the Road Department legislation that has resulted in the building of the present State-wide network of highways. He was a member of the House committees that handled these important pieces of legislation.

He was appointed to membership on the Railroad Commission by Governor Cary A. Hardee in February, 1924, to fill the vacancy caused by the death of Honorable Douglass Campbell of Chipley and has been successfully elected since that time.

## Here Is A Wise Guy Who Wasn't Wise With Returns All In

Small Time Gambler Two-Timed By Smart Customer At Sanford

SANFORD, Oct. 16. (FNS)—To T. H. Higgins, staff correspondent of the Orlando Morning Sentinel, goes credit for uncovering one of the best laugh stories of the year. It was to do with the downfall of a small-time gambler who was "two-timed" by a smart customer.

Operating a number racket in which the better attempts to guess three numbers taken from the daily sales of stocks and bonds on the New York Stock Exchange, the gambler was accepting bets in a routine manner one bright Saturday morning when business picked up with a vim. In less than an hour he had accepted bets to a total of \$20,000,000 and the eager customers were all betting on the same number.

And believe it or not, that number was the winner. The bettors knew it when they placed their bets, but the gambler didn't.

This particular play was made on the last day of daylight saving time. The market closed in New York at 12 noon, which was 11 a.m. in Sanford. The gambler did not consider the one hour difference in time but a customer did, and telegraphed the New York Stock Exchange for the total sales of that day. The reply reached him

by 11:30 and as the racketeer was still accepting bets the customer told as many friends as he could reach and all of them put up a roll on a "sure thing."

Then the poor dupe who was holding the bag wired for the total at 12 noon, Sanford time, and found he had been taken for a beautiful ride. He owed \$20,000,000 and couldn't pay off.

That ended the numbers racket in Sanford. He folded up, but forgot to give the suckers even their money back.

The pay off in the racket is \$450 for every penny bet which looks like whooping odds for the better, if he hasn't figured out that the chance to win is 999 against him.

## Dania Drops Game To Hobsonmen 20-0 Reserves 1 in Play

Walter Kautz, Smallest Man on Squad, Saw Action In Game

Coach Frank Hobson's Pahokee Blue Devils defeated the Dania high school aggregation Friday night on Lair field by a score of 20 to 0. It was the second victory in as many starts for the locals. They defeated Delray Beach the Friday night before by a score of 25 to 0. In the first game of the season at Stuart the Blue Devils posted defeat at the hands of the Martin county boys by a score of 14 to 7.

Last Friday night's encounter proved an easy one for the Blue Devils and Hobson gave many of the players an opportunity to get on the field. In this group of reserves given a chance by the coach was Walter Kautz, the smallest of the football playing Kautzes. Walter claims that he weighs more than 100 pounds but it runs in the mind of this reporter that the charts in the examining physician's office listed his weight at 85.

Young Kautz proved that weight doesn't mean a thing when a fellow wants to play football. At one stage in the game he engaged a Dania pass and tore loose for the goal line. However, a couple of Dania tacklers turned him wrong-side up a couple of times when they hit him and stopped his goalward effort.

Hobson said this week that his reserves showed up good and he was satisfied with the progress they are making.

## Nephew Of Pahokee Man Is Grid Star

The football team at Northwestern University at Evanston, Ill., holds a great deal of interest for at least two football fans in the Lake Okechobee region — Mr. and Mrs. H. C. Graham. They have a nephew — Otto Graham — who has been covering himself with glory this season playing on that team. In last Saturday's game he trotted across the goal line for a couple of markers for Northwestern.

Young Otto Graham is the son of O. E. Graham of Wauchgan, Ill., a brother of Pahokee's H. C. Graham. The elder Graham is an instructor in the music department of Wauchgan school where young Graham played football before entering the university.

An excerpt from an Associated Press story from Evanston yesterday had the following to say about young Graham:

"Against Wisconsin, Northwestern showed it has championship comeback class. Even though they gave the Badgers 14 points in the first period, the Wildcats didn't become rattled. Bill de Correvont looked great and with his understudy, Otto Graham, gives Northwestern as fine a left halfback twosome as there is in the collegiate game today."
